## Training Aids and Equipment Part 2. Contacts Training PRICE LIST

### Terms of Sale

- Cash or personal cheque, payable upon completion and notification of readiness for customer pickup.
- Prices are 'locals' basis for customer pickup and do not include any packaging or preparation for commercial transport
- Not all items are shippable – please ask if not otherwise indicated
- HST extra, as applicable
- Prices, availability and specifications are subject to change without notice
- *While we make an effort to conform to the current and known requirements of the competition organizations, we respect the discretion of the Judge regarding suitability for use in registered competition and make no warranties regarding fitness for a specific purpose.*

As you set and expand your training objectives, your thoughts turn to the training objects. These are usually smaller items that you use at home, to reinforce lessons learned in classes and to warm up for competition. Ideally, these pieces should be adaptable, and grow with you and your partner as your training progresses.

Importantly, these items should be quick to set up so you get the most from your available time. We build our equipment with the same care and attention to detail that we give to our competition equipment. Designs are based on current training practices, and our offerings are regularly updated to reflect new concepts as they take hold.

Other custom and speciality equipment is available. If you have a particular requirement, please contact [Alan](#) for details, pictures and prices to meet your needs.

Contacts Training Description	Item No.	Price
<p><b>Compact Contact Equipment</b></p> <p>Not everyone has the space for full-size contact equipment, yet still have the need to train at home. We do build compact versions of the A-frame, dogwalk and teeter for home use with smaller (under 16") dogs. All are built to duplicate the angles presented by competition equipment, with reduced dimensions and weight, making them easier to set-up and move around.</p> <p><i>Please contact us for further information and pricing to meet your needs.</i></p>	TCE-Special	\$ Call
<p><b>Compact Teeter</b></p> <ul style="list-style-type: none"> <li>• Teeter training aid</li> <li>• plywood skin plank features contrasting contact zones and anti-skid surfacing just like full-size boards</li> <li>• plywood pivot box accepts sandbags for stability</li> <li>• lightweight galvanized steel tube hinge pin</li> <li>• plank and pivot base separate for transport/storage</li> <li>• pivot height proportional to full-size teeter</li> <li>• flat exterior latex paint</li> </ul> <p>8' x 12" board, 15" high fulcrum, 30" contacts</p>	TCT-W082-T	\$ 129.00
